

Aromatherapy Essential Oil Diffuser

Aroma Diffuser • Humidifier • LED Light

P/N: HUM500CYL

Multifunction Aromatherapy Diffuser: This ultrasonic essential oil diffuser is an amazing multifunction aromatherapy device.

It features a 500ML water tank, 7 different LED light colors, as well as a safety auto shut off feature that prevents the diffuser from overheating in case it runs out of water.

Improves Air Quality: Besides its uses in aromatherapy, this essential oil diffuser also functions as a humidifier. Use it to improve your home's air quality.

7 changing color LED light provides atmospheric colorful night light
