

DisplayPort Adapters

DPA1011 • DPA1021 • DPN1011
DPN1021 • DPN1031

The Cirago DisplayPort and Active DisplayPort Adapters connect your DisplayPort capable product to your existing or additional monitor, projector, or HDTV of a different interface, eliminating the expense of having to upgrade to a DisplayPort-capable display. Up to 2 VGA, DVI, or HDMI monitors can be enabled simultaneously, provided that each monitor is connected either directly or via a “passive” DisplayPort adapter. If more than 2 monitors need to be enabled, “active” DisplayPort Adapters are required (or monitors with direct DisplayPort connectivity must be used). Setup is simple and no software is required. The Adapters support computer resolutions up to 1920x1200 (WUXGA), 60Hz and HDTV resolutions up to 1080p.

DisplayPort to VGA (HD-15) Active Adapter

- Model No.: DPA1011
- Connects a DisplayPort-enabled computer to a VGA monitor, projector, or TV
- Supports VGA interface through fully-fledged signal conversion
- Supports PC resolutions up to 1920x1200 (WUXGA) and HD up to 1080p, 60Hz
- Easy to use, no software required

DisplayPort to DVI Single Link Active Adapter

- Model No. : DPA1021
- Connects a DisplayPort-enabled computer to a DVI-D monitor, projector, or TV
- Supports DVI interface through fully-fledged signal conversion
- Supports PC resolutions up to 1920x1200 (WUXGA) and HD up to 1080p, 60Hz
- Easy to use, no software required

DisplayPort to VGA (HD-15) Adapter

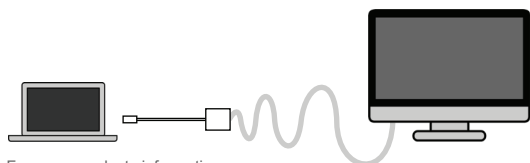

- Model No.: DPN1011
- Connects a DisplayPort-enabled computer to a VGA monitor, projector, or TV
- Supports PC resolutions up to 1920x1200 (WUXGA) and HD up to 1080p, 60Hz
- Easy to use, no software required

DisplayPort to DVI Single Link Adapter

- Model No. : DPN1021
- Connects a DisplayPort-enabled computer to a DVI-D monitor, projector, or TV
- Supports PC resolutions up to 1920x1200 (WUXGA) and HD up to 1080p, 60Hz
- Easy to use, no software required

DisplayPort to HDMI Adapter

- Model No. : DPN1031
- Connects a DisplayPort-enabled computer to a HDMI monitor, projector, or TV
- Supports PC resolutions up to 1920x1200 (WUXGA) and HD up to 1080p, 60Hz
- Easy to use, no software required
